

careers sport. LIVE

Behind every sport and sporting event is an entire support industry comprising professions as diverse as coaches, journalists, photographers, physiotherapists, match officials, nutritionists, therapists, marketers and administrators.

Careers in Sport LIVE events provide attendees with the opportunity to see first-hand the diverse roles and responsibilities working within a professional sports club and their foundation.

The events are hosted at iconic sports venues and the club infrastructure highlighted as a case study to promote the professions working in Sports Business, Sports Coaching, Sports Media and Sports Science.

Our Careers in Sport LIVE events provide an overview of how a professional sports club operate to achieve success on and off the field.

These events are suitable for school/college students, upcoming graduates, recent graduates and early stage first stage professionals, wanting to break into the sports industry.

Throughout the day, students will engage in interactive workshops in:

- **Sports Business**
- **Sports Coaching**
- **Sports Media**
- **Sports Science**

The events will also feature keynote plenaries from leading figures at each host club / venue, interactive workshops, a partner exhibition area, and networking opportunities.

Careers in Sport CEO Harvey Grout says; *"We are so excited to be bringing the Careers in Sport live events back again following two fantastic events in March 2023. We now have ten incredible venues on board, all across the country, for events from November 2023 to March 2024."*

Harvey added; *"these kind of events are so important to show young people the breadth of opportunities available in the sport sector, and we hope we can educate and inspire young people to go on to successful careers in sport in the areas they are passionate about."*

Feedback from delegates earlier this year:

"The event really opened our students eyes to lots of routes into jobs in sport. I was really pleased to see apprenticeships given a voice as not all students want to go to university. The interactive aspects were great as it broke the sessions up nicely"

Jacqui Field, Teacher

"Thank you for Tuesday's event. It was an eye opening and inspiring experience for our students. We've had great feedback from the students - one in particular said he now knows what he wants to pursue and has direction which is superb"

Mark Muddyman, Teacher
